About the Program

CSM Certification Training by Wissenhive is professionally designed to offer a detailed Scrum framework overview. Certified Scrum professionals are considered a master in handling Agile Project Management as the course deep dives into all scrum concepts, methodologies, and implementation. It fosters a productive and effective working environment and can guide others in understanding Scrum principles, values, and practices.

Wissenhive's CSM certification improves understanding of the Scrum framework and lifecycle, tuning learner's mindset with the in-depth explanation of scrum terminologies and concepts, scrum ceremonies, core competencies, improved transparency, and teaching to act as a Servant Leader.
